

# Biogas Products

Biogas Industry Experts

Stainless Steel Fabrications

Client: Ocktcom Ltd  
Location: West Bromwich, UK

## Project scope:

Biogas Products Ltd manufactured, installed and pressure tested the natural gas pipework system at Buse Gas site which consisted of 9no 1MW electricity generators.

## Products / Services supplied:

The 14", 8" and 4" pipework was manufactured in steel and then painted. Before delivery to site 10% of the welds were visually and radiographically tested by a third party.

All the pipework was manufactured in our factory at Brierley Hill by our own approved and certified welders.

## Outcome:

Installation was completed by our own team of fully equipped mechanical fitters.
